Cover Letter

Subject: Application for Technical Leader/Facilitator Position

Dear Potential Employer,

I hope this letter finds you well. I am writing to express my interest in the Technical Leader/Facilitator position at your esteemed company, as advertised. My diverse experience in Information Technology (IT) spanning the DoD, Higher Education, Retail, Finance, and Banking sectors, I am confident in my ability to contribute effectively to your team.

Throughout my career, I have demonstrated proficiency in various facets of IT, including Unix installations, software and hardware infrastructure administration, Production Support, requirements definition, setup, testing, scripting, data center migrations, New System architecture, and CD DevOps. My extensive background also includes managing production environments, leading on and off-shore teams, and mentoring resources in Agile, BigData applications, Data Governance, and ITSM software.

I have a proven track record of successfully working with a multitude of software packages commonly used in the industry. From Oracle and Tableau to R Studio, Informatica, Hadoop, DataStage, Snowflake, Teradata, and more, I have consistently delivered results. As an ETL and SCRUM Agile specialist, I am adept at acquiring and manipulating data from diverse sources. I am eager to take on challenging opportunities that will not only leverage my existing skills but also allow me to continue learning and growing professionally.

My experiences range from hands-on work in data centers and hardware assembly to fostering relationships with business customers for implementing robust reporting solutions. I possess a comprehensive understanding of both Windows and Unix environments, along with proficiency in both virtual and physical hardware configurations. I have served in roles such as DBA, Sysadmin, Solution Architect, SCRUM Master, Product Owner, and Developer, each of which I have approached with enthusiasm and dedication.

For further details about my qualifications and career trajectory, I invite you to visit my career website at http://greg-becker.com/ .

I am a Certified Solutions Architect with EACOE 2023, (ISC)2 Cyber Security Certified 2023, and a Certified Scrum Master (CSM) 2022. I am enthusiastic about the opportunity to contribute my skills and expertise to your organization and am eager to discuss how my background aligns with your company's needs.

Please feel free to contact me via text or phone at (407) 476-6798 or via email at greg@greg-becker.com to schedule a convenient time for further discussions. I appreciate your time and consideration and look forward to the possibility of joining your dynamic team.

Thank you for considering my application.

Sincerely,

Greg Becker
